## ARTIFICIAL STONES

### ARTIFICIAL STONE FOR GARDEN S-01

**Features:** Conceals pumps and taps and drain covers and sockets, Lightweight 5 kg construction, Coverage diameter approximately 39 cm, Marble-chip gelcoat surface, UV and frost resistant, One-minute installation

**Weight:** 5.00 kg

**Dimensions:** 45.00 cm x 60.00 cm x 23.00 cm

The GARTENDEK S-01 is a hollow artificial stone designed to conceal pumps, taps, drain covers, electrical sockets, and irrigation valves while adding a realistic stone accent to the garden.

**Price: RRP 164.37 €**

### ARTIFICIAL STONE FOR GARDEN S-02

**Features:** Conceals wide manholes and valve manifolds and pipe pairs, Elongated 71 x 41 cm footprint, Coverage diameter approximately 41 cm, Lightweight 5.5 kg construction, Marble-chip gelcoat surface, One-minute installation

**Weight:** 5.50 kg

**Dimensions:** 71.00 cm x 41.00 cm x 28.00 cm

The GARTENDEK S-02 is a hollow artificial stone designed for concealing wide and horizontally-extended outdoor utility elements. Shaped to resemble a naturally weathered flat fieldstone, it hides equipment that standard rounded covers cannot fully accommodate — irrigation valve manifolds, wide manhole covers, pipe pairs, drainage hatches — while adding a genuine stone accent to the [...]

### ARTIFICIAL STONE FOR GARDEN S-03

**Features:** Conceals taller pumps and filters and inspection covers, High 45 cm profile, Coverage diameter approximately 45 cm, Strong 9 kg construction, Marble-chip gelcoat surface, UV and frost resistant

**Weight:** 9.00 kg

**Dimensions:** 63.00 cm × 50.00 cm × 45.00 cm

The GARTENDEK S-03 is a hollow artificial stone with a tall, dome-shaped profile — the highest and most voluminous model in the GARTENDEK S-series. Designed to resemble a large natural field boulder, it conceals medium-sized garden equipment — pumps, pond filters, septic risers, manhole covers, transformer housings, tall valve assemblies — while adding a substantial [...]

### ARTIFICIAL STONE FOR GARDEN S-06

**Features:** Conceals low ground-level covers and boxes, Ultra-flat 19 cm profile, Coverage diameter approximately 42 cm, Lightweight 6 kg construction, Marble-chip gelcoat surface, One-minute installation

**Weight:** 6.00 kg

**Dimensions:** 56.00 cm × 51.00 cm × 19.00 cm

The GARTENDEK S-06 is a hollow artificial stone cover engineered for one specific challenge: concealing outdoor objects that sit flush with or barely above ground level — where a taller stone would create an unnatural bump. At just 19 cm tall, the S-06 is the flattest model in the entire GARTENDEK S-series. Its ultra-low disc-like [...]
